

Information to be included in all Legislation Modifying a Contract:

1. The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSQ.

Name	C.C. No./Exp. Date	City/State	Status
<i>Burgess & Niple</i>	FISCAL TO SUPPLY	<i>Columbus/Oh</i>	
<i>Civil & Environmental Consultants</i>	FISCAL TO SUPPLY	<i>Columbus/Oh</i>	
<i>EMH&T</i>	FISCAL TO SUPPLY	<i>Columbus/Oh</i>	
<i>Malcolm Pirnie</i>	FISCAL TO SUPPLY	<i>Columbus/Oh</i>	
<i>ms consultants</i>	FISCAL TO SUPPLY	<i>Columbus/Oh</i>	
<i>Stantec</i>	FISCAL TO SUPPLY	<i>Columbus/Oh</i>	
<i>URS.</i>	FISCAL TO SUPPLY	<i>Columbus/Oh</i>	
<i>Williams Creek</i>	FISCAL TO SUPPLY	<i>Columbus/Oh</i>	

2. What type of bidding process was used (ITB, RFP, RFSQ, Competitive Bid).

RFP

3. List the ranking and order of all bidders.

1. *Stantec*
2. *EMH&T*
3. *Malcolm Pirnie*

The following firms submitted proposals but did not meet minimum qualifications.

Burgess & Niple
Civil & Environmental Consultants
ms consultants
URS
Williams Creek

4. The name, address, contact name, phone number and contract number of the firm awarded the original contract.

Stantec Consulting Services
1500 Lake Shore Drive
Columbus, Ohio 43204
Bryon Ringley, PE, Principal
614.486.4383

5. A description of work performed to date as part of the contract and a full description of work to be performed during any future phasing of the contract.

This project includes engineering services associated with the removal of the Fifth Avenue Dam and construction of in-stream and riparian restoration features along the Olentangy River in the vicinity and upstream of the dam.

Work completed during Phase I covered by the original contract and contract mod 1 included field survey, hydrographic survey, geomorphic assessment, sediment sampling and survey, structural analyses, floodplain evaluations, and preparation of a report.

Work completed during Phase II covered by contract mod 2 included mussel survey, preparation of detail construction documents, easements, environmental covenants, obtained Federal and State permits, and provided support obtaining OEPA 319 and WRRSP funds for project.

Work to be completed as part of this final contract modification (Phase III) includes performing engineering services during construction, continued support with OEPA 319 and WRRSP programs, and post project inspection and maintenance services required by the US Army Corps permit for 5 years following completion of construction.

6. An updated contract timeline to contract completion.

Phase I preliminary engineering began October 2009.

Phase II detailed engineering design began September 2010.

Phase III (current Contract Modification #3) engineering services during construction will begin with start of construction in August 2012.

Project complete 2015.

7. A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.

This project includes the removal of the 5th Avenue Dam and restoration of a portion of the Olentangy River that will help restore natural river function and improve riparian and aquatic habitats.

8. A description of any and all modifications to date including the amounts of each modification and the Contract Number associated with any modification to date. (List each modification separately.)

Contract Modification #1 (EL010263) \$73,460.80 (Utilized EPA 319 Grant monies)

Contract Modification #2 (EL009724) \$422,984.23

9. A full description of the work to be performed as part of the proposed contract modification. (Indicating the work to be a logical extension of the contract is not sufficient explanation.)

Work to be completed as part of this final contract modification (Phase III) includes performing engineering services during construction, continued support with OEPA 319 and WRRSP programs, and post project inspection and maintenance services required by the US Army Corps permit for 5 years following completion of construction.

10. If the contract modification was not anticipated and explained in the original contract legislation a full explanation as to the reasons the work could not have been anticipated is required. (Changed or field conditions is not sufficient explanation. Describe in full the changed conditions that require modification of the contract scope and amount.)

Not applicable

11. An explanation of why the work to be performed as part of the contract modification cannot be bid out. (Indicating the work to be a logical extension of the contract is not sufficient explanation.)

The work associated with this contract modification includes continued engineering services by the design engineer during project construction. This project is unique in its nature and requires continued engineering support by the design engineer to ensure a successful project.

12. A cost summary to include the original contract amount, the cost of each modification to date (list each modification separately), the cost of the modification being requested in the legislation, the estimated cost of any future known modifications and a total estimate of the contract cost.

<i>Original Contract</i>	<i>\$200,000 (utilized EPA 319 Funds)</i>
<i>Contract Modification #1</i>	<i>\$73,460.80 (utilized EPA 319 Funds)</i>
<i>Contract Modification #2</i>	<i>\$422,984.23</i>
<i>Contract Modification #3</i>	<i>\$278,168.03</i>

13. An explanation of how the cost of the modification was determined.

Stantec prepared cost estimate to complete associated work.

14. Sub-Consultants identified to work on this contract, their contract compliance no. & expiration date, and their status (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR):

Name	C.C. No./Exp. Date	Status
------	--------------------	--------

N/A

15. Scope of work for each subcontractor and their estimate of dollar value to be paid.

Note: The Contract should be considered to include any and all work that is anticipated to be awarded to the company awarded the original contract throughout the contract/project timeline. This includes the original contract and any and all future anticipated modifications to the contract to complete the contract/project.
