5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

The goal of this project is to replace the existing 4-inch, 6-inch and 8-inch water lines that have a high break frequency. Replacement of these lines will improve water service, decrease burden on water maintenance operations, and reduce water loss.

Work consists of open-cut installation of approximately 592 linear feet of 6-inch water main, 10,163 linear feet of 8-inch water main, and other such work as may be necessary to complete the contract.

Planning Areas: "63 – South Side" planning area and includes the following streets: Southwood Avenue, Hanford Street, Bruck Street, Frebis Avenue, E. Jenkins Avenue, Wilson Avenue, Miller Avenue, Ellsworth Avenue, McCloud Road, E. Gates Street, Lilley Avenue, Lockbourne Road, E. Columbus Street, Fairwood Avenue, Rainbow Park, Rhoads Avenue, and S. Washington Avenue.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Contract work is required to be completed in a manner acceptable to the City within 365 days from the date that a Notice to Proceed (NTP) is given by the City. The City anticipates issuing a Notice to Proceed on or about January 2020.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

The goal of this project is to replace or rehabilitate the existing 4-inch, 6-inch and 8-inch water lines that have a high break frequency. Replacement of these water lines will improve water service, decrease burden on water maintenance operations, and reduce water loss. The Neighborhood Liaison(s) has been contacted and informed of this project. Further community outreach may result through the Neighborhood Liaison Program.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

The bid amount and proposed award amount is \$3,304,166.52 including a 15% construction contingency amount that will be utilized to fund needed and approved changes in the work. No contract modifications are anticipated at this time; however, construction exigency might later compel modification of this contract, if unforeseen difficulties are encountered.

Cost summary:

Original Contract	\$3,304,166.52
Future Anticipated Needs	\$ 0.00
CONTRACT TOTAL	\$3,304,166.52
