Re: 2020 MS4 Annual Discharge Fee– Area Permitted Adjustment  
City of Columbus Permit No. 4PI00000\*CD

Dear Mr. Fyffe:

As instructed in Ohio EPA's Stormwater MS4 Annual Discharge Fee Preliminary Notice dated October 5, 2020, you are hereby notified that the area for the City of Columbus' corporate boundary (Area Permitted) is 225.797 square miles. This value is current as of October 15, 2020. The difference from the figure reported last year is reflective of areas added to or removed from the City via annexations or detachments.

Please contact me at (614) 645-6311 with any questions.

Sincerely,

Jeffrey A. Cox, P.E.  
Program Manager  
Stormwater and Regulatory Management Section
