The City of Columbus is accepting bids for the Fairwood/Griggs Radio Replacement C.I.P No. 650580-100000, the work for which consists of replacing legacy radio communication equipment and other such work as may be necessary to complete the contract, in accordance with the drawings technical specifications, and City of Columbus Construction and Material Specifications as set forth in this Invitation For Bid (IFB).

- 6. A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

***For construction contracts:**

Contract work is required to be completed in a manner acceptable to the City within 180 days from the date that a Notice To Proceed (NTP) is given by the City.

7. A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.

The current legacy communication equipment is currently approaching the end of its useful life (~20 years) and replacement parts or complete units are not available. This equipment informs maintenance staff of any problems at remote sanitary facilities which would cause WIB events, flooded basements, or sanitary overflows to area streams and rivers.

8. An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

The bid amount and proposed award amount is \$171,600.00, including a 20% construction contingency amount that will be utilized to fund needed and approved changes in the work. No contract modifications are anticipated at this time; however, construction exigency might later compel modification of this contract, if unforeseen difficulties are encountered.

Cost summary:

Original Contract	\$171,600.00
Future Anticipated Needs	<u>\$ 0.00</u>
CONTRACT TOTAL	\$171,600.00
