

Information to be included in all Legislation authorizing entering into a Contract:

1. **The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSO.**

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>City/State</u>	<u>Status</u>
EMH&T	310685594 2/18/2018	Columbus, OH	Maj

2. **What type of bidding process was used (ITB, RFP, RFSO, Competitive Bid).**

RFP.

3. **List the ranking and order of all bidders.**

1. EMH&T, 2. CDM Smith, 3. GS&P

4. **Complete address, contact name and phone number for the successful bidder only.**

EMH&T

5500 New Albany Road

Columbus, OH 43054

614.775.4500

5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**

The scope includes work to: collect data that will assist in an affordability analysis of green infrastructure; provide support for update of the Stormwater Drainage Manual including the 5-year review, stormwater credit program, rainwater harvesting analysis, stormwater detention criteria, and standards for underground detention; facilitate reporting on green infrastructure facilities constructed under the Integrated Plan approved by OEPA; provide support to review, update, and reorganize the Erosion and Sediment Pollution Control regulation; assist with the development of a pervious pavement specification; provide support for update of the green infrastructure standards and specifications; provide support for the update or development of standard drawings; and develop a process for identifying private and public jurisdictional boundaries related to storm water management authority and responsibility.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Work under this project will begin after June 1, 2017, and continue until no later than December 31, 2020.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

The work to be performed under this contract will improve the efficiency of the identification, design, and construction of stormwater infrastructure which in turn can be expected to reduce construction and long-term maintenance costs.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all**

phases or proposed future contract modifications.

Year 1 \$310,000

Year 2 \$199,916

Year 3 \$149,406

Total project cost is \$659,322.00

9. Sub-Consultants identified to work on this contract, their contract compliance no. & expiration date, and their status (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR):

<u>Name</u>	<u>C.C. No./Exp. Date</u>		<u>Status</u>
AECOM	952661922	9/19/2018	Maj
Strand Associates	391020418	9/25/2017	Maj
Coldwater Consulting	273377013	4/30/2017	FBE
Rain Brothers	510642924	10/19/2017	Maj

10. Scope of work for each subcontractor and their estimate of dollar value to be paid.

<u>Name</u>	<u>Scope of work</u>	<u>Amount</u>
AECOM	GI data collection, GI design updates, stormwater drainage manual, public/private	\$214,908
Strand	GI reporting, stormwater credits, public/private	\$131,443
Coldwater	GI reporting, stormwater detention, public/private	\$135,400
Rain Brothers	Rainwater harvesting	\$61,991

Note: The Contract should be considered to include any and all work that is anticipated to be awarded to the company awarded the original contract throughout the contract/project timeline. This includes the original contract and any and all future anticipated modifications to the contract to complete the contract/project.
