This legislation authorizes the Director of Finance and Management to enter into a contract with BissNuss, Inc. for the purchase of a Centrifugal Blower for the Division of Sewerage and Drainage. The Centrifugal Blower will be used at the Division of Sewerage and Drainage, Southerly Wastewater Treatment Plant. The Centrifugal Blower provides air infusion in the disinfection contact tanks. The O2 level has to be maintained in the water before discharge into the river, so the plant does not violate EPA permit requirements.
