Dave, As we discussed Fleet ask that you make the three 1 ton utility extended cabs CNG, code 98F cost is \$268.00 will need to be added, please check with Tom Allen on the wheelbase and cab to axle if the CNG will be the behind the cab version you need 24 inches, and the CNG up-fit is estimated at \$23050.00. Other than that Fleet approves.

John:

Per our discussion, you will find DOSD's 2015 Vehicle and Equipment List for review and preliminary approval. There is a total of 19 replacement vehicles and pieces of equipment in the workbook. If you need any additional information please let me know. I can be reached at x5835.

Dave
