

Information to be included in all Legislation authorizing entering into a Contract:

1. **The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSQ.**

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>City/Status</u>	<u>Status</u>
McVoyt Construction Co.	27-4383492 – 1/10/15	McConnelsville, OH	MAJ
Conie Construction Co.	31-0800904 – 10/9/14	Columbus, OH	MAJ
Rock River Construction Ltd.	20-5532763 – 1/20/14	Lancaster, OH	MAJ

2. **What type of bidding process was used (ITB, RFP, RFSQ, Competitive Bid).**

Formal competitive bids were opened on February 13, 2013.

3. **List the ranking and order of all bidders.**

1. McVoyt Construction Co.	\$34,573.00
2. Conie Construction Co.	\$47,393.50
3. Rock River Construction Ltd.	\$80,877.50

4. **Complete address, contact name and phone number for the successful bidder only.**

McVoyt Construction Co.
1840 Hooppole Ridge Road
McConnelsville, Ohio 43756
Greg Montgomery (740) 503-4343

5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**

Installation of approximately 250 L.F. of 8-inch storm sewer, drain basins, and a rain garden to provide drainage improvements, and such other work as may be necessary to complete the contract in accordance with the plans and specifications.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Work under this contract shall be completed within 90 calendar days after the NTP is issued.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

This project involves installing a rain garden within the green space at the Smoky Row Booster Station. The rain garden will allow for infiltration of the stormwater that enters the site. The bioretention basin that is designed for this site has aesthetic appeal while providing stormwater control and improving water quality for the site.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

\$34,573.00 – construction contract with McVoyt Construction Co.

*Construction Inspection to be performed by Prime Engineering, Inc.
