BACKGROUND SUMMARY

Mr. Lantz has 42 years experience as a design engineer in the special area of building structural design. Thirty-four years of the experience is as an owner and principal of Lantz Jones & Nebraska Inc. Consulting Structural Engineers.

In that role, Mr. Lantz has designed building structures for a wide range of projects from multistory offices and condominiums to single story warehouses and distributions centers in excess of one million square feet. The structures designed are both new and retrofitted structures to rehabilitate and renovate an existing building.
