A full description of the work to be performed as part of the proposed contract modification. (Indicating the work to be a logical extension of the contract is not sufficient explanation)

The contract will continue to provide liquid land application of biosolids with regional storage services for various DOSD facilities.

If the contract modification was not anticipated and explained in the original contract legislation a full explanation as to the reasons the work could not have been anticipated is required. (Changed or field conditions is not sufficient explanation. Describe in full the changed conditions that require modification of the contract scope and amount.)

Anticipated. The original contract allows for nine (9) extension periods on a year-to-year basis. This renewal will extend the term of the contract through and including August 4, 2023 and provide for the additional funding necessary for the payment of services through this date.

An explanation of why the work to be performed as part of the contract modification cannot be bid out. (Indicating the work to be a logical extension of the contract is not sufficient explanation)

The same exact service is required as originally detailed in the RFP. No lower pricing/more attractive terms and conditions are anticipated at this time.

A cost summary to include the original contract amount, the cost of each modification to date (List each modification separately), the cost of the modification being requested in

the legislation, the estimated cost of any future known modifications and a total estimate of the contract cost.

This contract will be funded incrementally with modifications or renewals on an approximately annual basis. Including the proposed renewal, three additional contract renewals are anticipated at this time. If unforeseen issues or difficulties are encountered that would require additional funding, a modification would be requested. The expected cost for this project is as follows:
