Please provide a brief description of your background including the following:

How long have you lived in the neighborhood?

11 years. I moved to Columbus from Georgia in 2009. I have lived in Milo-Grogan since August 2014.

What interests you about getting involved with your Area Commission?

Community outreach
Pantry distribution
Community meetings regarding public health
Secretary on the board of my local water association in NM

Are you employed? If so, in what field and with what employer?

Pre-COVID, I was an instructor of Advanced English Composition since 2013 to international masters and doctoral students at OSU. Because my students were largely from eastern countries, enrollment dropped radically in 2019. As a result, my department could no longer offer contracts to adjuncts.

Do you serve on any boards, committees, or other community or business associations? If so, please list them.

I live at the old Milo-Grogan school. No other affiliations.
