**The status, Majority, MBE or FBE, of all companies bidding, or submitting an RFP or
RFSQ**

Utility Truck Equipment, Inc. - Majority
Altec Industries, Inc. - Majority

**A full description of all work to be performed including a full description of work to be
performed during any known phasing of the contract.**

The Division of Power is responsible for the installation and maintenance of City’s electrical infrastructure. To accomplish this mission the Division requires a digger derrick truck for removing and replacing service power poles. This replacement truck was approved by Fleet Management and is in support of the Mayor's Get Green Columbus initiative by incorporating a “Plug-in Hybrid Electric” technology. This unit will replace Brass Tag 18147 that is beyond its useful service life and provide for a more reliable fleet to carryout services provided by the Division.

**A narrative timeline for the contract including a beginning date, beginning and ending
dates for known phases of the contract and a projected ending date.**

N/A

**An estimate of the full estimated cost of the Contract including a separate estimate of any
and all phases or proposed future contract modifications.**

\$361,106.00
