

**Information to be included in all Legislation authorizing entering into a Contract:**

1. **The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSQ.**

<b><u>Name</u></b>	<b><u>C.C. No./Exp. Date</u></b>	<b><u>City/State</u></b>	<b><u>Status</u></b>
URS Corporation – Ohio	34-0939859-7/2/15	Columbus, OH	MAJ
MS Consultants, Inc.	34-6546916-4/5/14	Columbus, OH	MAJ
DLZ Ohio, Inc.	31-1268980-2/19/15	Columbus, OH	MBR
Chester Engineers (Ohio)	20-2401674-5/1/15	Columbus, OH	MBE
Hazen and Sawyer	13-2904652-4/30/14	Columbus, OH	MAJ
CCI Engineering Services	31-1390280-11/8/14	Columbus, OH	FBE
Stantec Consulting Services, Inc.	11-2167170-12/21/13	Columbus, OH	MAJ
American Structurepoint, Inc.	35-1127317-11/18/13	Columbus, OH	MAJ

2. **What type of bidding process was used (ITB, RFP, RFSQ, Competitive Bid).**

Requests for Proposals (RFP's) were received May 17, 2013.

3. **List the ranking and order of all bidders.**

1. URS Corporation - Ohio
2. MS Consultants, Inc.
3. DLZ Ohio, Inc.
4. Chester Engineers (Ohio)
5. Hazen and Sawyer
6. CCI Engineering Services
7. Stantec Consulting Services, Inc.
8. American Structurepoint, Inc.

4. **Complete address, contact name and phone number for the successful bidder only.**

URS Corporation - Ohio  
277 West Nationwide Blvd.  
Columbus, Ohio 43215  
Gregory A. Otey, (614) 464-4500

5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**

The purpose of this project is to prepare a complete set of drawings and contract documents for the demolition of the existing station and the construction of a new booster station on a proposed site adjacent to the existing booster station site. The Mound Street booster station was constructed in 1932 and many of its components are approaching the end of their expected service life. In July of 2012 the station suffered severe damage from a storm. The structure and roof have been temporarily repaired for short term use.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

The duration of the design phase for this project is approximately 12 months. Part of the Engineer's scope of work is to provide services during and record drawings after the

construction of this project. Therefore the contract completion date cannot be determined at this time.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

By completing this project, the Mound Street Booster Station will be rebuilt with new equipment including pumps motors and electrical equipment. This booster station is critical to meet peak demands of the Mound District area of the water distribution system. The project will incorporate measures, such as energy efficient lighting, to reduce the energy demand of this facility.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

\$241,985.63

A future modification to the agreement is planned during the construction phase of project for the consultant to provide O&M Ready services. The scope of this work is still to be developed, therefore, the estimated cost of this future modification is not available at this time.
