Site Information

- The 0.57 acre site is an infill annexation.
- The current use is a single family home. The home will be demolished and redeveloped into a multifamily residential use with neighboring parcels to the north and east that are already in the city, subject of rezoning application Z22-008.
- The site is located within the boundaries of the South East Land Use Plan, which recommends Low Density Residential. The planning area has full adoption of Columbus Citywide Planning Policies.
- The site is within the boundaries of the Greater South East Area Commission.
- The site does not require a boundary conformance.

Key Issues

- Annexation is sought to obtain city services to facilitate future development.
- Planning staff have conducted a preliminary review and are supportive of the proposed use. It is generally consistent with the plan recommendation.
- Annexation does not guarantee a zoning application will be approved. Zoning requests require a separate application process through the Department of Building and Zoning Services.

Legislative Information

- The Ohio Revised Code stipulates that once an annexation has been approved by the county, it must be accepted by the receiving municipality in order for the annexation process to be completed. The acceptance process involves a second city ordinance that may be acted upon a minimum of 60 days from the date the City Clerk receives record of the commissioner's action and a maximum of 120 days of City Council's first consideration of the second city ordinance.
