**Subject:** vehicles/equipment approved for Water/Electricity

Connie,  
We recently finished "under-utilized" and our meetings with water/electricity - please cut a PO on this Fusion for replacement that has already been legislated.  
Also , Fleet approves the previous list provided by Mr. Tindle in the amount of \$297,706 for Water and \$51,403 for purchases off the 2011 UTC for vehicles.  
Thanks for your patience

Kelly W. Reagan
