- Sole source manufacturer/distributor.
- Sole distributor authorized for this territory.
- Patented product purchased for owner/developer.

2. Describe any effort to bid for alternate item (service or product) that is not provided by a sole source that would meet this need:

The City has been a customer of VESOFT since at least 2000. VESOFT software is used to support a legacy application for utilities billing, which is planned for retirement in the near future, to be replaced by the Columbus Utility Billing System (software provided by Ventyx, Inc.). Consequently, no effort to bid for an alternate item has been conducted.

3. Describe efforts to determine/verify that the company is the sole source:

VESOFT provided a letter verifying that they are the sole provider of software maintenance for government customers. Additional research confirms that they do not use resellers to provide annual software maintenance.

4. Indicate how the price or fee structure was determined:

VESOFT provided a price quote, which was accepted by DoT, pending approval of City Council.
