

**CITY OF COLUMBUS RFQ031296
PUBLIC UTILITIES
POTABLE WATER FOUNTAIN TRAILER
DETAILED SPECIFICATIONS**

3.2.2.2 **Equipment / Warranty Service Information:** A description of the equipment/parts provided and type of warranty service that was provided.

3.2.3 **Subcontractor Information Required:** If subcontractor(s) are to be used, please list names, addresses, telephone numbers and a contact person for each subcontractor. All subcontracts must have valid contract compliance certification.

3.2.3.1 **Subcontractor Contact:** Should the offeror use subcontractors, the City shall use the offeror as the primary contact point for initial procurement, as well as service, and parts after the sale during but limited to the applied warranty period.

3.2.4 **Specification Questions:** Questions regarding this bid including any exceptions and/or suggested changes to the requirements must be submitted on the vendor services portal by 11:00 am (local time) on Thursday, October 2nd, 2025. Responses and any necessary addenda will be posted as an amendment to this RFQ on the City's Vendor Services portal no later than 4:00 pm (local time) on Tuesday, October 7th, 2025. The City strongly encourages bidders to submit exceptions and/or changes during this stage of the process. Bidders submitting exceptions and/or changes before this date will greatly reduce the likelihood of their bid being rejected as non-responsive to the specifications. Bidders whom have not registered and created a new user on the City's portal <http://vendors.columbus.gov/sites/public> are strongly encouraged to do so. Notice of any pre-bid notes and addenda will only be sent to Bidders whom have registered at the site.

3.2.4.1 For further instructions on how to submit "Vendor Questions" through the Vendor Portal, please see Section "Add Vendor Questions" provided on page 47 of the City of Columbus Vendor Services User Guide.

3.2.4.2 The City has instructional videos to assist bidders at the portal. Tutorial videos are available to be viewed through You Tube or by clicking the following link:

https://www.youtube.com/channel/UCTIkkGNM7GHITzoqQVNJIA/videos?shelf_id=0&view=0&sort=dd

Experience & Qualifications

Quench Buggy has over a decade of experience designing, manufacturing, and servicing **portable potable water systems** for municipalities, festivals, emergency services, and public health applications across North America. Our equipment is designed to meet or exceed all **EPA**, **OSHA**, and **NSF** standards for safe potable water delivery.

Company Overview

Founded in 2009, Quench Buggy manufactures self-contained potable water trailers and refill stations that are in use by municipalities, event organizers, and disaster relief agencies across Canada and the United States. All fabrication, assembly, and testing are completed at our facility, ensuring quality control and adherence to federal and state regulations.

Each project included delivery, operator training, warranty servicing, and long-term technical support. Our proven reliability and responsiveness have established Quench Buggy as the preferred manufacturer of potable water trailers for public utilities and event infrastructure.

Manufacturer Relationship

As the **original manufacturer**, Quench Buggy builds all potable water trailers in-house. We do not act as a reseller or intermediary. All equipment components are sourced from certified North American suppliers, and all fabrication and assembly are performed by Quench Buggy employees.

No Subcontractor Statement

Quench Buggy hereby confirms that **no subcontractors** will be used in the design, manufacture, assembly, or delivery of the potable water fountain trailer specified in the City of Columbus RFQ031296.

All design, welding, fabrication, electrical, plumbing, quality control, and warranty service work will be performed entirely by **Quench Buggy employees** at our facility. No portion of the contract will be assigned or outsourced to third parties.

Quench Buggy Two-Year Limited Warranty

Coverage Overview

Quench Buggy Inc. warrants its mobile water refill stations to be free from defects in materials and workmanship under normal use for a period of **two (2) year** from the original date of delivery.

This warranty includes:

- **Structural Frame** (galvanized and stainless steel)
- **Plumbing Components** (valves, hoses, water lines, and fittings)
- **Chillers and Filtration Systems** (if applicable to your unit)
- **Electrical Components** (if applicable to your unit)

Service & Support

During the warranty period, Quench Buggy will repair or replace any part that proves to be defective due to improper materials or workmanship, **at no cost to the customer**. This includes:

- Shipping of replacement parts
- Remote troubleshooting support
- Technician guidance for part replacement or maintenance

On-site service is available at additional cost unless otherwise specified in your contract.

Warranty Exclusions

This warranty does **not** cover:

- Damage due to misuse, neglect, accidents, vandalism, or improper installation
- Modifications not authorized by Quench Buggy
- Consumables (filters, gaskets, etc.) beyond their expected service life
- Routine maintenance or cleaning

How to Make a Warranty Claim

1. **Contact our support team** at info@quenchbuggy.com or call 1-866-342-9882
2. Provide your **serial number, purchase date, and a description of the issue**
3. Our team will assess and initiate the appropriate action (repair or replace)

Limitation of Liability

Quench Buggy's liability is strictly limited to the repair or replacement of parts under this warranty. Quench Buggy is **not responsible for incidental or consequential damages**, including but not limited to event delays, loss of use, or loss of income.

Stay Covered, Stay Sustainable

Thank you for choosing Quench Buggy. Our team is committed to supporting your hydration and sustainability goals with reliable, rugged, and eco-conscious equipment.
