RE: CryWolf Alarm Management Software

Dear Ms. Patts:

This letter is in response to the question concerning available supply sources for the CryWolf Alarm Permit and False Alarm Tracking and Billing software. CryWolf Software is the patented (U.S. Patent No. 6,856,246), intellectual property of Public Safety Corporation (PSC). PSC is also the sole source for CryWolf Software licenses, Software upgrades, and implementation and support services.

We appreciate the City of Columbus' continued support of CryWolf and look forward to upgrading the CryWolf Alarm Software to provide online citizen access and functionality.

If you have any questions, please call me at 240-607-1401.

Sincerely,

A handwritten signature in black ink that reads "Les Greenberg". The signature is written in a cursive style with a large, stylized initial "L".
