City of Columbus
Fleet Management
423 Short Street
Columbus, Ohio 43215

Dear Jayne:

Center City International is the authorized International dealer for Franklin County as well as the seven surrounding counties. They have in the past year expanded to a second parts and service location in Etna, Ohio. While this location is outside Franklin County it does demonstrate to you that they are dedicated to support of our product and your business needs.

International Truck and Engine Corporation as well as Center City International would like to thank you for the business we have enjoyed in the past and hopefully will earn in the future.

If I can be of any further assistance please feel free to contact me. Thank you again.

Sincerely,

A handwritten signature in cursive script that reads "James A. Ray".

James A Ray
District Manager
International Truck and Engine Corporation
