Science, Civil
Engineering, Rose-
Hulman Institute of
Technology

Professional
Engineer in OH and
IN

Michael Reeves, PE

Project Manager

Mike has 19 years of experience in civil engineering design and project management, including an emphasis on residential and commercial developments. He has extensive experience in design and permitting for commercial, industrial, and single- and multi-family residential developments. He has provided site and utility layout, grading, stormwater management, and erosion and sedimentation control services for many loyal clients. Mike serves as Associate Vice-President and Chairs the Builders and Developers Council for the Columbus Building Industry Association (BIA), is past mentor program chair for ULI and has represented the Private Development Sector on multiple City of Columbus and Ohio EPA working groups aimed at improving the city plan review process, rewriting the stormwater drainage manual and bonding process, and updating the Ohio EPA General Construction Stormwater Permit.
