**BASIS OF BEARING:**  
The bearings (shown on this plat/description herein) are based on the Ohio State Plane Coordinate System, South Zone, NAD83 (COORS). Said bearings originated from a field traverse which was tied (referenced) to said coordinate system by GPS observations and observations of retraced stations in the Ohio Department of Transportation Virtual Reference Station network. The portion of the centerline of Georgesville Road, having a bearing of N 07°17'17" E (shown herein/described herein), is designated the "basis of bearing" for this (plat/survey).

The above description was prepared by Matthew E. Ferris, Registered Surveyor No. 8230, E.P. Ferris & Associates, Inc. in June 2011, from the best available County Records. This description is not valid for the transfer of real property, and is not intended to be a Boundary Survey as defined by the Ohio Administrative Code in Chapter 4733-37.
