To Whom It May Concern:

I would like to serve on the Board of Review / Charitable Contributions and Solicitations. My present employment affords me the time to serve at regular monthly meetings as well as any emergency meetings that should become necessary.

I am presently working full time as Human Resource/Safety Manager for a small trucking concern in Hilliard, Ohio. This position requires that I represent myself, as well as the company in a very professional manner, as well as have comprehensive knowledge of federal, state and local laws.

In my spare time, I have volunteered and work with numerous non-profit and not for profit organizations such as the Boy Scouts, 4-H clubs, church youth programs. I also am affiliated with organizations that help raise money for charities such as Project Open Hand, Camp Sunrise, NARAL to mention a few.

I hope, that with this short, but to the point letter/resume', you will accept my eagerness to serve the City of Columbus in a capacity that would benefit the entire community.

Respectfully,

Steven W. Copeland
