I am interested in joining the Mil-Grogan Area Commission because I love this community. I grew up in Milo-Grogan and currently reside here.

I know at least 50+ residents in the Milo-Grogan community, some I've known since childhood.

Milo is unique, in that it's family oriented, has longtime residents up to 98 years old, and its history. Milo is a community that believes in giving back and helping others. We have senior citizens, people with special needs (disabled), veterans, and retirees.

I've assisted Milo-Grogan Area Commissioners with various Outreach Programs to include: the produce drive, providing resources to those in need, delivering food to the elderly, cutting grass, etc.

My top 3 priorities to help improve the Milo-Grogan Community:

- 1)** Continuing to help those in need and or providing them with the necessary resources
- 2)** Focusing on affordable housing
- 3)** Getting the younger generation more engaged in the community outreach programs
