RE: BID RECOMMENDATION–SA005616/BI006486 Current and Potential
Transformers for Electrical Distribution

The Purchasing Office opened formal bids on October 16, 2014 for the purchase of Current and Potential Transformers for Electrical Distribution for the Division of Power. Six (6) bids were received.

It should be noted that the City reserves the right to adjust order quantities to fit within budget constraints and the division of Power has elected to increase and decrease the quantities as follows:

Item 11 from fifty (50) to One hundred five (105)
Item 12 from ninety (90) to seventy five (75)

Arteche USA's was the lowest bid for Item 1, however, they have been deemed non-responsive due to their quote being valid for only 30 days. The Division of Power required the quote be valid for 180 days from bid opening date.

After a review of the bids, The Division of Power recommends the following awards be made as follows to the lowest, responsive, responsible and best bidders:

Rosati Sales, Inc., Items 6, 11 and 12 for an award amount of \$24,564.75.

Wesco provided alternate items with their bid at the same pricing. The Alternates provide high accuracy and an extended range. The Division of Power's recommendation is for the Alternates for Items 2, 3, 4, 5, 7, 8 and 9 for an award amount of \$16,506.00.

Power Line Supply, Items 1 and 10 for an award amount of \$7,063.96.
