

SITE PLAN

The development depicted on this drawing might be slightly adjusted to reflect engineering, topographical or other data developed at the time final development plans are completed. Any slight adjustments to the development shall be reviewed and may be approved by the Director of the Building and Zoning Services Department or his designee upon submission of the appropriate data regarding the proposed adjustment.

**STAFF REPORT
DEVELOPMENT COMMISSION
ZONING MEETING
CITY OF COLUMBUS, OHIO
DECEMBER 9, 2021**

- 2. APPLICATION: Z21-081**
Location: **6680 LOCKBOURNE RD. (43137)**, being 180± acres located on the east side of Lockbourne Road, 1,250± feet south of London-Groveport Road (495-263119; Far South Columbus Area Commission).
Existing Zoning: R, Rural District.
Request: L-M, Limited Manufacturing District (H-35).
Proposed Use: Limited industrial and commercial development.
Applicant(s): Pinchal & Company, LLC; c/o Donald Plank, Atty.; 411 East Town Street, 2nd Floor; Columbus, OH 43215.
Property Owner(s): Peters Family Farms, Inc.; c/o Donald Plank, Atty.; 411 East Town Street, 2nd Floor; Columbus, OH 43215.
Planner: Tim Dietrich; 614-645-6665; tedietrich@columbus.gov

BACKGROUND:

- The 180± acre site consists of one parcel developed with agricultural uses and a private cemetery in the R, Rural District. The applicant requests the L-M, Limited Manufacturing District permitting a limited number of more objectionable uses, less objectionable uses, and office use at this location.
- North of the site is agricultural land in the M, Manufacturing District and R, Rural District within Hamilton Township. South of the site is agricultural land in the R, Rural District. East of the site is railroad right-of-way. West of the site is undeveloped land in the PUD-4, Planned Unit Development District and single-unit dwellings in the R, Rural District in Hamilton Township.
- The site is within the planning boundaries of the *South Central Accord* (2000), which recommends “Light Industrial” and “Agricultural/Open Space” land uses at this location. The site is also subject to the *Columbus Citywide Planning Policies* (C2P2) Design Guidelines.
- The site is located within the boundaries of the Far South Columbus Area Commission, whose recommendation was not available at the time this report was finalized.
- The limitation text establishes use restrictions, including more stringent use restrictions for the northwestern part of the site, and supplemental development standards that address building setbacks, parking setbacks, traffic access and improvements, screening that includes mounding and evergreen trees, preservation of the existing private cemetery, and a commitment to develop the site as demonstrated on the submitted site plan.
- At the time this Staff Report was finalized, a traffic impact study is in progress in

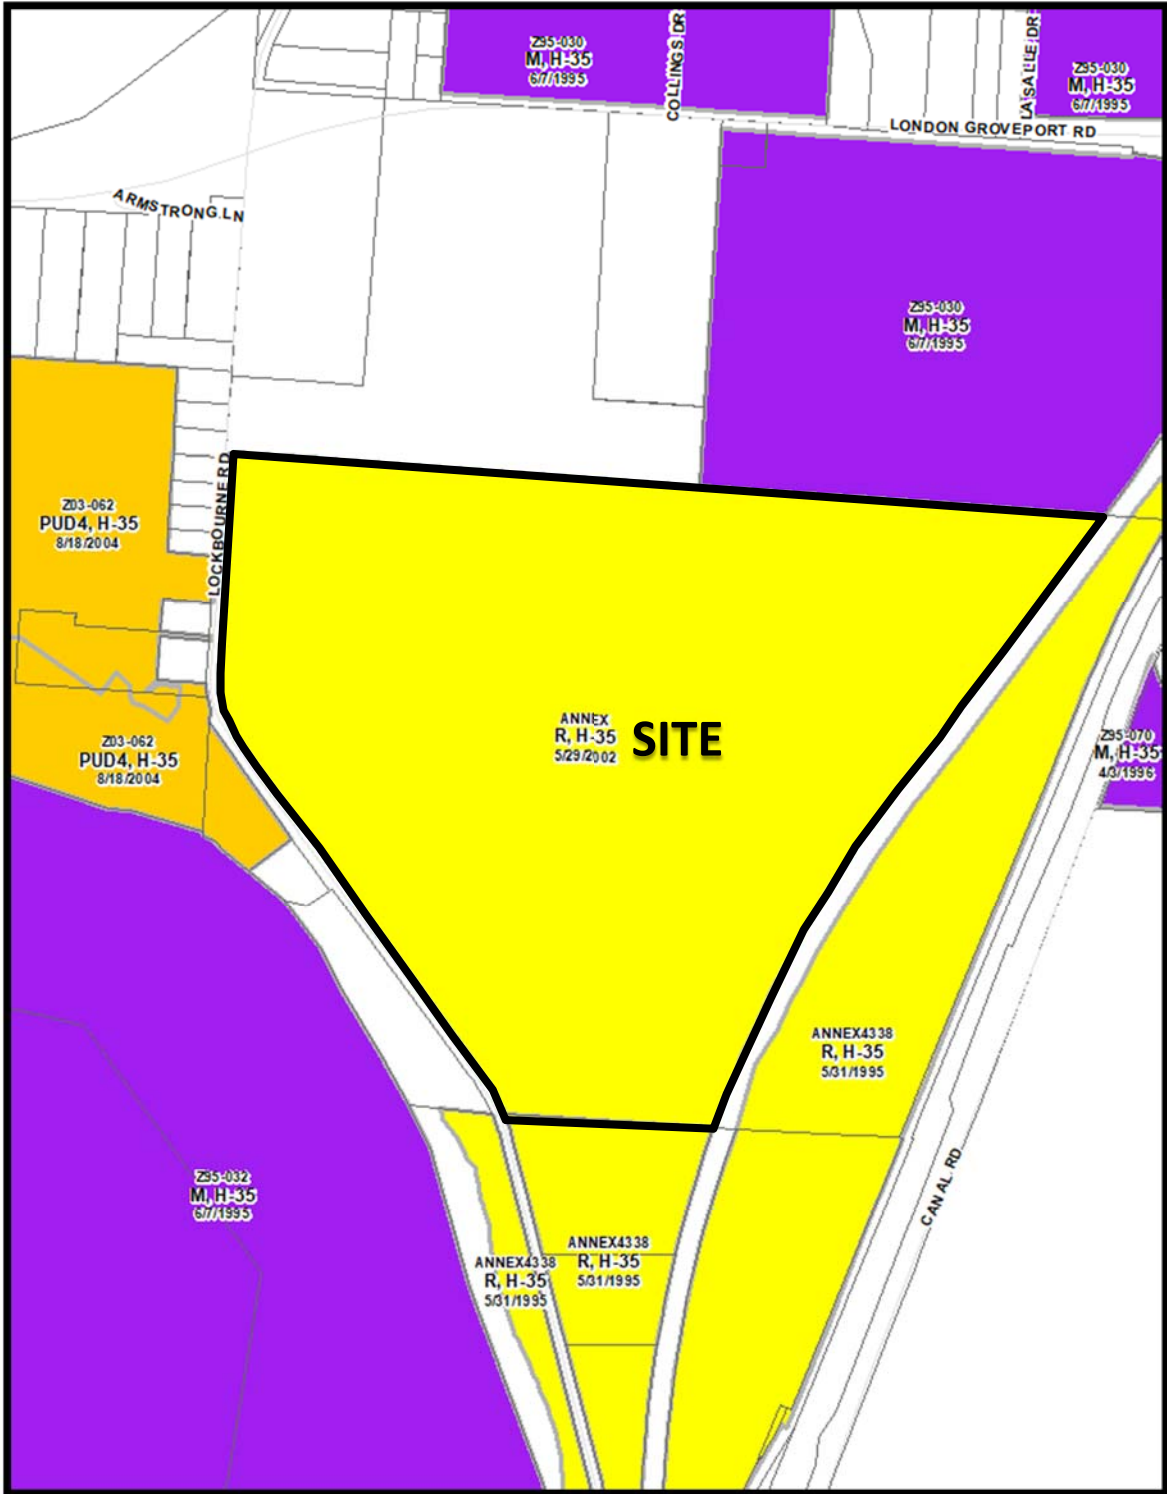

conjunction with this application. Additional commitments or access revisions may be needed based on the results of the approved traffic impact study.

- The *Columbus Multimodal Thoroughfare Plan* identifies this portion of Lockbourne Road as a Suburban Community Connector requiring 80 feet of right-of-way.

CITY DEPARTMENTS' RECOMMENDATION: ~~Conditional~~ *Approval.

The requested L-M, Limited Manufacturing District will permit limited more objectionable manufacturing uses, less objectionable manufacturing uses, and commercial office uses. The limitation text includes appropriate use restrictions and development standards. Included in the text is a commitment to develop the site as demonstrated on the submitted site plan. The request is consistent with the *South Central Accord's* recommendation for "Light Industrial" land uses at this location. With the inclusion of mounding and landscaping along Lockbourne Road and the southern property line, and preservation of the existing private cemetery, staff supports this request. The City Departments recommendation will be updated to approval upon an approved traffic impact study with the necessary commitments added to the limitation text and/or reflected on the site plan to the satisfaction of the Division of Traffic Management.

***A Traffic Impact Study was completed and traffic related commitments have been included in the limitation text to the satisfaction of the Department of Public Service, and therefore City Departments' recommendation is for approval.**
