File Number: 2418-2020

To amend various sections of Chapter 1105 of the Columbus City Codes, and to enact new water rates for the year beginning January 1, 2021, and to repeal the existing sections being amended.

WHEREAS, it is necessary to establish new water services rates, effective January 1, 2021, for water service provided by the City of Columbus in order to recover the cost of rendering said water services; and

WHEREAS, the City of Columbus, Department of Public Utilities Division of Water requests that a 2% rate increase be applied to water rates for 2021; and

WHEREAS, the City of Columbus, Department of Public Utilities requests that water capacity fees not be increased in fiscal year 2021, and

WHEREAS, City Council recognizes that increased water rates disproportionately impact low income residents. Low income residents already pay a higher percentage of their household income in utility bills, and this percentage would increase with higher rates; and

WHEREAS, City Council further recognizes that past rate increases in the City have demonstrated that increasing rates leads to increased delinquencies among the City's customers; delinquency rates are higher among low income residents. It is well recognized that increased delinquencies are expensive for the City and its customers; and

WHEREAS, City Council finds that continuing the discount rate for low income users at 20% is appropriate to assist those least able to manage the impacts of increased sewer and water rates; and

WHEREAS, the Sewer and Water Advisory Board has adopted recommendations that are consistent with the rates established in this legislation; and

WHEREAS, City Council finds that the rates and the low income discount established therein are equitable to all of the City's customers; now, therefore
