5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

This project will replace existing roadway pavement at Hoover Reservoir along the dam crest roadway, adjacent parking lots (including the Hoover Nature Preserve parking area), adjoining drives, and the Hoover Maintenance compound. This is a contract for construction services to address these roadways. The work will consist of the removal of existing asphalt pavement (roadways and parking areas) identified in the Watershed Roadways Master Plan, and installation of new pavement; pavement marking; and associated construction work including maintenance of traffic, sediment and erosion control, and other such work as may be necessary to complete the work.

Planning Area: N/A

Street Names: N/A

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Contract work is required to be completed in a manner acceptable to the City within 120 days from the date that a Notice To Proceed (NTP) is given by the City. Work for the Reservoir

Pollution Reduction – Hoover Nature Preserve project shall be completed within 60 calendar days. The Division of Water anticipates a NTP in mid to late March 2015.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

This project will replace deteriorated roads around Hoover Reservoir. These roads allow safe and convenient access to Hoover Reservoir. The roads are used by the Division of Water for water sampling operations, dam maintenance, and security monitoring and safety operations for Hoover Reservoir.

This project will also help to provide safe and convenient public access to our reservoir parks.

The Division of Water is cooperating with the Department of Recreation and Parks, the City of Westerville, and Blendon Township to coordinate construction with recreational activities at Hoover Reservoir. The Division of Water is also cooperating with the Division of Sewerage and Drainage to mitigate impacts to the bio-retention basins and other environmental best management practices located in the area.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

The bid amount and proposed award amount is \$1,714,662.42, including a 15% construction contingency amount. No contract modifications are anticipated at this time.
