To Whom It May Concern:

This letter is to inform you that Cribs for Kids, Inc. is the sole source for the following items:

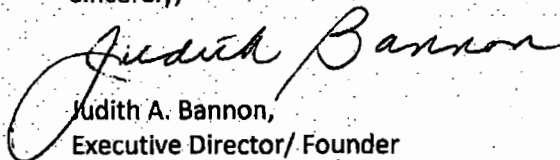

- a. Cribs for Kids Cribette – C4KABC2018
- b. Cribs for Kids Cribette sheet embossed with our infant safe sleep message.

We require our Cribs for Kids partners, who are supplying safe sleeping environments to their clients, to use these items exclusively for the following reasons:

- a. Testing was done on all available Cribettes and it was determined through hands-on tests and also a review of the Consumer Products' Safety Commission reports that the Cribs for Kids Cribette met all of their safety requirements.
- b. The Cribs for Kids Cribette cannot be returned to a retail outlet by the client for cash or store credit, assuring that the donation will be used for its intended purpose.
- c. Korbex International, the distributor of the Cribette, worked with us to assure that the unit met all of our safety requirements. For instance, the toy bar that is shown on most playyard type units was eliminated because of a safety warning for babies over 5 months of age.
- d. All of the Cribettes are made with materials that are gender neutral and contain our educational message: A B C – Alone on my Back in a Crib.
- e. The Cribs for Kids program has used a knowledgeable compliance team and testing is completed on all products to make sure they meet or exceed all applicable standards.

If you have any other questions regarding the products used by Cribs for Kids, Inc., please do not hesitate to contact me.

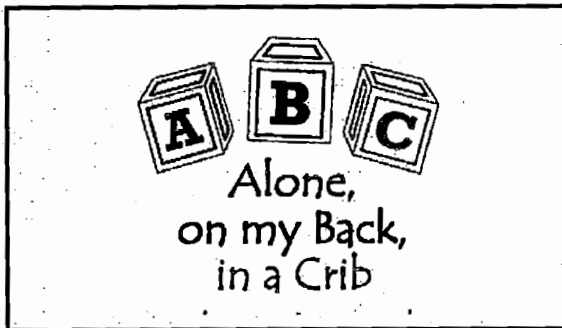

Sincerely,

Judith A. Bannon,
Executive Director/ Founder

Cribs for Kids® Cribette™ Portable Playard

Cribs for Kids® Exclusive Unit with Safe Sleep Message Fabric
C4K-ABC2017

Safe Sleep Message Fabric

Specifications:

Net Weight: 19.86 lbs.

Gross Weight: 21.18 lbs.

Carton Size: 8.27 x 8.07 x 28.15"

C4K-ABC2017

Care and Maintenance:

Clean with household soap and warm water. Drip dry. NO BLEACH. Machine wash carry bag in lukewarm water.

Recommended Use:

Bassinet: To help prevent falls, do not use the bassinet when the infant begins to push up on hands and knees or weighs over 15 pounds (6.8 kg), whichever comes first.

Cribette : Stop using the Cribette when the child reaches 35 inches (89 cm) in height, weighs more than 30 pounds (14 kg), or is able to climb out.
