Re: Request for Exception to State Registration – Gentem USA

To Whom It May Concern,

We are writing to request an exception from state registration requirements for Gentem USA Inc., a corporation organized under the laws of Delaware.

Gentem USA Inc. does not maintain a physical presence or nexus within the State of Ohio. The company does not own or lease property, maintain inventory, employ personnel, or operate facilities within Ohio.

Any transactions involving customers located in Ohio consist solely of the shipment of goods from outside the state directly to the customer. All business activities, order processing, and fulfillment occur outside the State of Ohio. As such, these transactions constitute interstate commerce.

Based on these facts, and consistent with the Ohio Department of Revenue guidance regarding corporations engaged exclusively in interstate commerce (including Ohio Administrative Code Rule 5703-03), we respectfully submit that Gentem USA Inc. qualifies for an exception to state registration requirements.

Should additional information or documentation be required to support this request, we would be pleased to provide it promptly.

Thank you for your time and consideration.

Sincerely,

Marc Vinet
Chief Operating Officer
Gentem USA Inc.
