Dear Sir

This letter is to notify you that the representative for Invensys Building Systems in the Columbus and Central Ohio area is Riley and Associates. They have represented the products since 1979. We market our products and services through 120 factory Independent Field Offices. These offices must have a qualified work force of factory trained and certified technicians and engineers.

Riley is the only representative having access to all the Invensys Building Systems Automation product line engineering and programming used within your building. Riley is the service provider for these products in this area, and they have meet all of the factory certifications.

Respectfully

Paul Schenk
