STATEMENT OF HARDSHIP

PROPERTY ADDRESS: 780 Park Street, Columbus, Ohio 43215
APPLICANT: The Wood Companies, %
Michael T. Shannon, Esq.
CRABBE, BROWN & JAMES, LLP
500 South Front Street, Suite 1200
Columbus, Ohio 43215

DATE OF TEXT: March 19, 2015

The Site consists of four parcels (PIDs: 010-009149, 010-047864, 010-047865, 010-034719). The Site is located between West Hubbard Avenue, Park Street, Lundy Street, and North Wall Street. The Site is currently used as a surface parking lot and does not contain any structures. The Site does not have any distinguishing characteristics.

The Site is currently zoned Commercial, C-4. The Site is subject to the Victorian Village Commission, and the I-670 Graphics Control Planning Overlay.

Applicant proposes the construction of a mixed-use, office and multi-family apartment residential development. The development will provide approximately 10,000 square feet of office space, 105 apartment units, 130 parking spaces, and stand 88 feet tall.

Applicant requests the following variances:

1. 3356.03, C-4 Permitted Uses, which Section does not permit ground-floor residential dwelling units. Applicant requests a council variance to permit ground-floor residential units.
2. 3309.14, Height District, which Section limits the height of buildings in the H-35 District to 35 feet. Applicant requests a variance to allow a building height of 88 feet.
3. 3312.49(C), Minimum Number of Parking Spaces Required, which section requires a minimum parking ratios of 1.5 parking spaces per dwelling unit and 1 parking space per 450 square feet of general office space (total required 180 parking spaces). Applicant requests a variance to allow a minimum of 130 parking spaces.
4. 3321.05(B)(1), Vision Clearance, which Section requires 10 foot clear vision triangles at the intersections of streets and alleys. Applicant requests a variance to allow encroachment into the minimum vision clearance triangles at the intersections of Hubbard Avenue/Wall Street and Park Street/Lundy Avenue, as indicated on the Site Plan.

5. 3356.11(C), District Setback Lines, which Section requires a minimum building setback of 25 feet. Applicant requests a variance to allow a minimum setback of 0 feet on Hubbard Avenue and 0 feet on Park Street.

A hardship exists in that the proposed development cannot conform to the underlying residential zoning district established by the City's Zoning Code. The development will appreciate and enhance the existing neighborhood and, therefore, will not adversely affect the surrounding property or surrounding neighborhood. Rather, the development will alleviate a hardship for difficulty which warrants variances from the C-4, Residential zoning code.

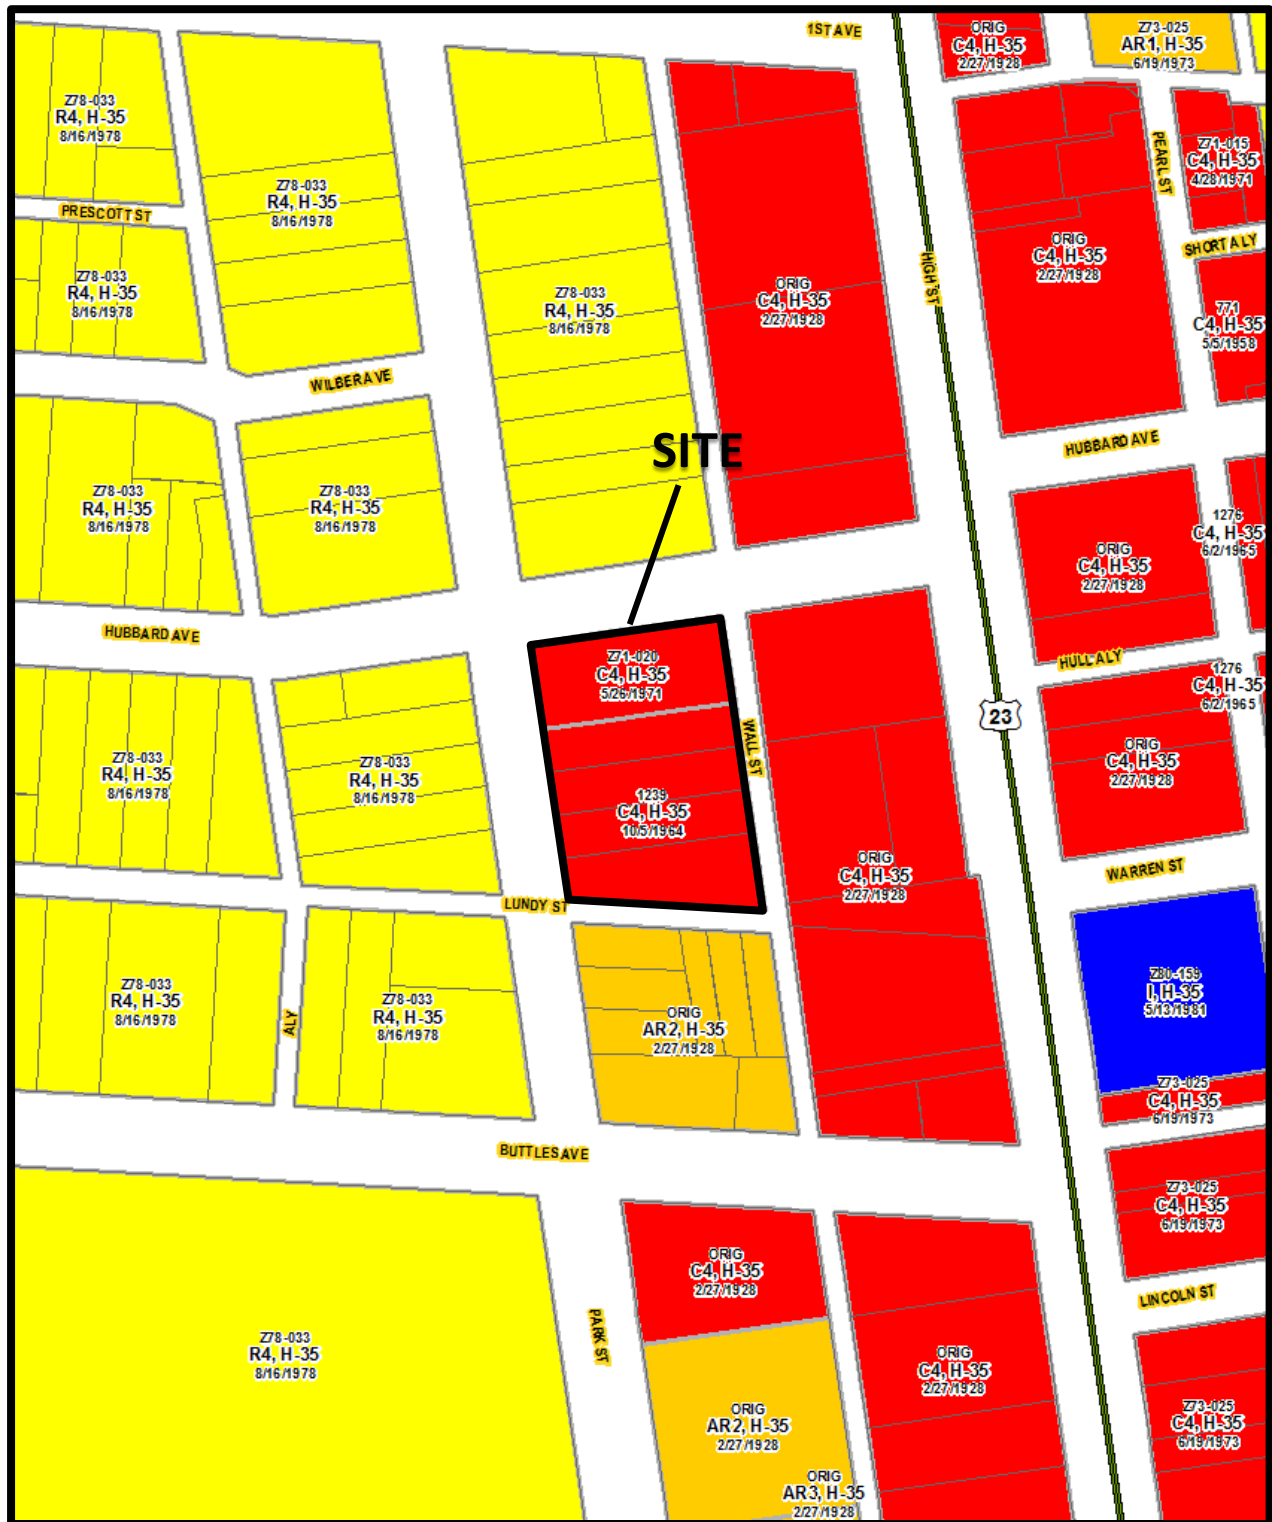

The requested variances will not impair an adequate supply of light or air to the adjacent property, unreasonably increase the congestion of public streets, increase the danger of fires, endanger the public safety, unreasonably diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals, or welfare of the inhabitants of the city.

For the reasons stated above, Applicant respectfully requests approval of the requested variances.

Respectfully submitted,

Michael T. Shannon, Esq.
