Re: United Dairy Farmers #676, 1345 Georgesville Rd., Columbus

Mr. Presutti:

This letter acknowledges that a United Dairy Farmers representative from John D. Johnston Architects appeared before the Greater Hilltop Area Commission at its March 2, 2004 public meeting. He requested that UDF be allowed to amend its site plan in order to reorient the main store building away from Georgesville Road to face Darrow Dr. (service entry to Wal-Mart). With its commitment to provide additional landscape screening as documented on the site plan presented, the Greater Hilltop Area Commission voted in favor of the request by a 9-0 margin.

If you have questions, please feel free to be in contact.

Sincerely,

GREATER HILLTOP AREA COMMISSION
