Subject: Award Recommendation - RFQ011862 / Smoke & CO Detectors and Educational Materials (AFG Grant)
Importance: High

Good morning!

The Fire Prevention Bureau (FPB) has finalized an award recommendation on RFQ011862 / Smoke & CO Detectors and Educational Materials. All vendors bid the specified product, with the exception of Line #70.

On Line #70, FPB reviewed the low bid submitted by Sky Resources (\$21,500) for an alternate product ("Universal" / #MC304S/#MC304SB), and found that it does not meet the bid specifications as it is for a "combo unit" unit that combines *both* an ionization and photo electric sensor into one unit. Bid specs. were for an individual alarm unit with an ionization sensor since there are different areas within a home where an ionization vs. a photo electric sensor should be utilized (i.e.: some sensor types should *not* be used outside a bathroom or kitchen.) The next low bid was submitted by Asset Lighting (\$22,440.00) & was also for an alternate product ("First Alert"/#SA350B) which *does meet the bid specifications*.

FPB's award recommendation is as follows:

Line #10: John A. Becker Co / C.O. Detector: \$10.25/Ea. (Qty. 1,998) = Total: \$24,975.00

Line #20: Sky Resources / Pres. Mat'l / "Hear the Beep...": \$153.23/ea. (Qty. 1)

Line #30: Sky Resources / Pres. Mat'l / "Fire Safety for Mature Adults" \$153.23/ea. (Qty. 1)

Line #50: Sky Resources / Pres. Mat'l / "Don't Get Burned...:" \$153.23/ea. (Qty. 1)

Line #60: Sky Resources / Pres. Mat'l / "Prevent Kitchen Fires" \$153.23/ea. (Qty. 1)

Line #40: Educational Spec. Prods / Pres. Mat'l / "What to do in an Emergency...:" \$159.00/ea. (Qty. 1)

Line #80: Educational Spec. Prods / Pres. Mat'l / "Senior Citizens' Fire Safety Value Pkg.": \$209.00/ea. (Qty. 50) = Total: \$10,450.00

Line #70: Asset Lighting & Elec. / Smoke Alarm (alternate product / "First Alert"): \$11.22/ea. (Qty. 2,000) = Total: \$22,440.00

Please advise if you have any questions or need add'l information. Once you have created POs on these four (4) different awards, can you please provide me with the PO #s so that I can retain copies for both my files and provide copies to the warehouse (receiving of product). Thanks for your help!
