RE: OnBase Licenses

Dear Mike:

3SG Plus started with a vision to help companies “go-digital” and ease their problems storing, filing and retrieving paper documents. As a growing expert in document imaging we realized our customers need to do more with their digital images and 3SG Plus expanded its services to include Enterprise Information Management solutions using the OnBase Software Platform. With the power of OnBase, 3SG Plus helps our customers improve timelines and process efficiencies using document, file, case, incident and data management as well as workflow solutions.

3SG Plus caters to customers in a wide variety of markets including local, state, and federal government; healthcare and senior living; higher education; corporate; and industrial. In Ohio, 3SG Plus works extensively with Franklin County, City of Columbus, City of Toledo, and the Ohio Turnpike. 3SG Plus is located in Columbus Ohio and holds the following designations: **Ohio MBE & State Term Schedule.**

3SG Plus is dedicated to the customers and communities they serve and live in and look forward to working with your organization on this significant project.

Respectfully,

A handwritten signature in black ink, appearing to read "Nanda Nair", with a stylized flourish at the end.

Nanda Nair

President, CEO
