Commissioner Profile

I completed my undergraduate degree in March 2009. My purpose is to serve my community as a good citizen. In December, 2009, I took a leave of absence from Akron School of Law. Though I may have been able to help my community by graduating law school and working for a Legal Aide or ACLU affiliate, I believe that my actions will be more effective outside of the legal system. Gaining more knowledge of urbanization, with a Masters in City and Regional Planning from The Ohio State University will help me to accomplish my goals. By living in Columbus instead of Akron, I will be able to participate more actively within existing community organizations. Organizations such as the Free Masons and Comfest committee are ones within which I am already involved. My civic engagement is the praxis that informs my purpose. My hope is that by helping to organize and administer different community organizations and their networks, such organizations can benefit from the social capital that I accumulate. I hope to use the next few years at OSU to learn more about being a better citizen and creating and supplementing my own community organizations. I'm excited and looking forward to the next few years.
