CONSTRUCTION DOCUMENTS

**CITY COUNCIL – ZONING COMMITTEE
STAFF REPORT
COUNCIL VARIANCE**

APPLICATION: CV25-121
Location: 1025-1027 E. 22TH AVE. (43211), being 0.15± acres located on the south side of East 22nd Avenue, 340± feet west of Hamilton Avenue (010-097715; South Linden Area Commission).
Existing Zoning: R-3, Residential District.
Proposed Use: Two-unit dwelling.
Applicant(s): Healthy Homes c/o Gretchen West; PO Box 77499; Columbus, OH 43207
Owner(s): HNHF Realty Collaborative; PO Box 77499; Columbus, OH 43207
Planner: Brandon Carpenter; 614-645-1574; bmccarpenter@columbus.gov

BACKGROUND:

- The site consists of one undeveloped parcel in the R-3, Residential District. The requested Council Variance will allow a two-unit dwelling and includes a variance for reduced parking from four spaces to two spaces.
- A Council variance is required because the R-3, Residential District prohibits two-unit dwellings as a primary residential land use.
- North, south, east and west of the site are single-unit dwellings all in the R-3, Residential District.
- The site is located within the boundaries of the *South Linden Land Use Plan* (2018), which recommends “Low–Medium Density Residential (6-10 du/ac)” land uses for this location. Additionally, the Plan includes complete adoption of the *Columbus Citywide Planning Policies* (2018) Design Guidelines.
- The site is located within the boundaries of the South Linden Area Commission, whose recommendation is for approval.
- Staff concurs with the applicant’s analysis of the seven practical difficulties in achieving the requested two-unit dwelling, and supports the variance for reduced required parking.

CITY DEPARTMENTS’ RECOMMENDATION: Approval

The proposal is consistent with the *South Linden Land Use Plan*’s recommendation of “Low–Medium Density Residential (6-10 du/ac),” and will not introduce an incompatible use to the area.

STATEMENT OF HARDSHIP

Columbus City Code Section 3307.10 - Variances by City Council.

City council may grant the following zoning variances:

- A. Permit a variation in the yard, height or parking requirements of any district only in conjunction with a change in zoning or a use variance and only where there are unusual and practical difficulties in the carrying out of the zoning district provisions due to an irregular shape of lot, topography, or other conditions, providing such variance will not seriously affect any adjoining property or the general welfare.
- B. Permit a use of the property not permitted by the zoning district established on the property if such use will not adversely affect the surrounding property or surrounding neighborhood and if council is satisfied that the granting of such variance will alleviate some hardship or difficulty which warrants a variance from the comprehensive plan.

Before authorizing any variance from the Zoning Code in a specific case, city council shall first determine that such variance will not impair an adequate supply of light and air to the adjacent property, unreasonably increase the congestion of public streets, increase the danger of fires, endanger the public safety, unreasonably diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals or welfare of the inhabitants of the city.

In granting a variance pursuant to this section, council may impose such requirements and conditions regarding the location, character, duration, and other features of the variance proposal as council deems necessary to carry out the intent and purpose of this Zoning Code and to otherwise safeguard the public safety and welfare.

The following factors shall be used in determining whether the applicant has encountered practical difficulties in the use of the property. Respond to the following statements:

1. Whether the property in question will yield a reasonable return or whether there can be any beneficial use of the property without a variance.

☐ Yes ☒ No

We are seeking a variance to develop a two unit dwelling (duplex) on an R3 lot. While the lot could be used for other purposes, this variance will increase the stock of high quality, affordable housing options available while maintaining the character of the neighborhood.

2. Whether the variance is substantial.

☐ Yes ☒ No

This is a use variance.

3. Whether the essential character of the neighborhood would be substantially altered or whether adjoining properties would suffer a substantial detriment as a result of the variance.

☐ Yes ☒ No

DEPARTMENT OF BUILDING
AND ZONING SERVICES

Council Variance Application

111 N Front Street, Columbus, Ohio 43215

Phone: 614-645-4522 • ZoningInfo@columbus.gov • www.columbus.gov/bzs

4. Whether the variance would adversely affect the delivery of governmental services (e.g., water, sewer, refuse service).

☐ Yes ☒ No

The variance would not adversely impact delivery of services and/or utilities.

5. Whether the property owner purchased the property with knowledge of the zoning restriction.

☒ Yes ☐ No

6. Whether the property owner's predicament feasibly can be obviated through some method other than a variance.

☐ Yes ☒ No

This is a use variance.

7. Whether the spirit and intent behind the zoning requirement would be observed and substantial justice done by granting the variance.

☒ Yes ☐ No

The City of Columbus is modernizing the zoning code written more than 70 years ago to reflect how our city has grown — and how people live, work, and move today. Granting this variance would be aligned with these initiatives.

List all sections of Code to be varied and explain your reasoning as to why this request should be granted.

NOTE: It is the applicant's responsibility to identify all variances required for the project. If any necessary variances are not included, a new application (and applicable fees) will be required.

I have read the foregoing and believe my application for relief from the requirements of the Zoning Code contains the necessary hardship, will not adversely affect surrounding property owners, and will comply with the variance(s) requested as detailed below (use separate page if needed or desired):

Please see attached.

Statement in Support of Variance(s)

This site is located on E. 22nd Ave, west of Hamilton Ave. The parcel is zoned R-3, as is much of the South Linden Area Commission Area. The applicant proposes to build a two (2) unit dwelling duplex and a side drive leading to two surface parking areas at the rear of the lot, as depicted on the submitted site plan. Additionally, the applicant proposes a parking space variance to reduce the parking spaces from 4 to 2, under section 3312.49.

The proposed two-unit dwelling was intentionally selected and will not detract from the character of the neighborhood. This structure conforms with other development in the area in respects to height and use. The proposed dwelling is intended to increase the stock of the high-quality, affordable housing options available to families earning between 50 and 80 percent of the Area Median Income.

Applicant requests the following variances:

1. **Section 3332.035:** R-3 Residential District, to permit a 2-unit dwelling
2. **Section 3312.49:** Parking space variance to permit reduction of required parking spaces from 4 to 2 spaces

LIST BASIS FOR RECOMMENDATION:

Property Owner is proposing new construction of a Duplex Unit for a two (2) family dwelling with four (4) off-street parking spaces provided, with reduced minimum lot width and area district requirements. Granting variance under Section 3312.49 reduces parking space requirement from 4 spaces to 2 parking pads in the rear. Granting variance under Section 3332.035 permits a two (2) unit dwelling building in a R-3 Residential District. Granting variance under Section 3332.05 reduces the required lot width from Fifty (50)feet to Thirty-Five (35) feet to legitimize the existing lot condition. Granting variance under Section 3332.13, reduces lot size from 5,000sf to 4,215sf to legitimize the existing lot size. Granting variances does not adversely affect the surrounding neighbors. With SEVEN (7) Area Commissioners in attendance Quorum is Met. The South Linden Area Commission convened its regularly scheduled meeting this date. Having heard statements made, reviewed supporting documentation, and engaged meaningful discussions to clarify and satisfy concerns, Commissioner Wade, with the second of Commissioner Redman, to uphold committee consensus and issue a RECOMMENDATION OF APPROVAL. The Chair opened for additional questions and hearing none, called for the Voice Vote as follows.

Vote SEVEN (7) In FAVOR; No Abstention(s); No Opposition(s)
