QIAGEN LLC is a California limited liability company and is a subsidiary of QIAGEN N.V. QIAGEN N.V. is traded on the NASDAQ: under (QGEN) and the Neuer Markt (QIA). QIAGEN N.V., a Netherlands holding company with subsidiaries in Germany, the United States, Japan, the United Kingdom, Switzerland, France, Italy, Australia and Canada, believes it is the world's leading provider of innovative enabling technologies and products for the separation, purification and handling of nucleic acids. The Company has developed a comprehensive portfolio of proprietary, consumable products for nucleic acid separation, purification and handling, nucleic acid amplification, as well as automated instrumentation, synthetic nucleic acid products and related services. QIAGEN's products are sold throughout the world to academic research markets and to leading pharmaceutical and biotechnology companies. In addition, the Company is positioning its products for sale into developing commercial markets, including DNA sequencing and genomics, nucleic acid-based molecular diagnostics, and genetic vaccination and gene therapy. Further information on QIAGEN can be found at <http://www.qiagen.com>.
