

COOPERATIVE AGREEMENT
BETWEEN
THE CITY OF COLUMBUS
DIVISION OF SEWERAGE AND DRAINAGE,
SEWER SYSTEMS ENGINEERING SECTION
AND
TRANSPORTATION DIVISION

CIP Project 650657 – Lenore Ave./Huy Road Sanitary Relief Sewer Project
2007 Resurfacing Project I, 1586 Dr. A.

WHEREAS, Lenore Avenue between Atwood Terrace and Karl Road has utility to the citizens of Columbus; now, therefore, the Division of Sewerage and Drainage, through its Sewer Systems Engineering Section Manager, and the Transportation Division, through its City Engineer, do hereby mutually agree to cooperate in the pavement resurfacing/replacement of Lenore Avenue and to reimburse the cost and expenses of the pavement resurfacing/replacement of Lenore Avenue for CIP Project 650657, Lenore Ave./Huy Road Sanitary Relief Sewer Project pavement restoration as follows:

The Division of Sewerage and Drainage, Sewer Systems Engineering Section will:

1. Declare the improvement necessary.
2. Non-Perform the above mentioned section as listed on the attached spreadsheet, under the Division of Sewerage and Drainage CIP Project 650657.
3. Reimburse the Transportation Division for the construction items as listed on the attached spreadsheet, estimated to be in the amount of \$33,494.20. The payment by the Division of Sewerage and Drainage to the Transportation Division shall be made when invoiced by Transportation Division for work actually performed within the limits of the agreed amount not to exceed \$33,494.20.
4. Repair and maintain any work outside the curb line for the above mentioned limits due to the Division of Sewerage and Drainage Contractor's (Kokosing Construction Company) operations. All work outside the curb line for the above mentioned limits shall remain the responsibility of the Kokosing Construction Company.
5. Complete CIP Project 650657 on or before October 15th, 2007. It is further agreed that the 1586 DR. A. Contractor may proceed with its work along Lenore Avenue prior to this date if the Transportation Division's 1990 DR. E. and the Division of Sewerage and Drainage CIP Project 650657 work has achieved final completion status.

The Transportation Division will:

1. Declare the improvement necessary.

2. Resurface existing pavement, rehab curb, and any additional auxiliary work necessary to create or restore a new pavement surface along the limits indicated for Lenore Avenue. This work shall be done under the Transportation Division's 2007 Resurfacing Project 1, 1586 Dr. A. contract.
3. Prepare and submit an invoice to the Division of Sewerage and Drainage for the final amount of the proposed work with inspection fees.

APPROVED:
