

Information to be included in all Legislation authorizing entering into a Contract:

1. **The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSQ.**

N/A

2. **What type of bidding process was used (ITB, RFP, RFSQ, Competitive Bid).**

N/A

3. **List the ranking and order of all bidders.**

N/A

4. **Complete address, contact name, phone number, and e-mail address for the successful bidder only.**

Azteca Systems, LLC. 11075 S State St, Suite 24, Sandy, UT 84070
Matt Harman, 801-300-0693, mharman@cityworks.com

5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**

Request for Proposal (RFQ018791) was published for DPU to obtain an Asset Management System. Woolpert (V#001040) was awarded the bid and the software solution they selected in their proposal was Cityworks. For logistical purposes, it has been determined that establishing one contract for services with Woolpert and one contract for software directly with Cityworks is the best path forward. The software contract is an annual Enterprise licensing agreement that includes cloud-hosting services and will need to renew each year.

This contract is for licenses and hosting fees, as well as annual support. There are no direct services associated with the contract. Those are going to be performed with the Woolpert contract.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

This agreement will renew annually.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

This software will replace our Oracle WAM system and the advantages are that we are going with a more modern technology platform that integrates directly with GIS to allow our users access to the data they need to perform their job functions. This software will be used for Asset and Work management functions department wide

8. An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

Year 1 - \$381,000.00

Year 2 - \$421,000.00

Year 3 - \$461,000.00

Year 4 - \$484,050.00

Year 5 - \$508,252.50

9. Subconsultant information

No sub-consultants
