Subject: FW: Bid Waiver Quote

Good afternoon,

The Division of Infrastructure Management is requesting approval for the purchase of a skid steer – they are needing a replacement to one that was totaled by a drunk driver (please see email thread below if needed). The quote is priced lower than the ODOT STS contract. We will need to do a bid waiver due to the attachments that are already on hand and will only fit this specific model. Please let me know if you have any questions or need additional information.

Thank you,

Jessica Yu

Hi Scott,

Jessica will be working on this. What is the skid steer used for by Infrastructure? We will need to add that to the legislation.

Thanks,

Lela Van Horn

Emily and Lela,

Earlier this year we had a skid steer get totaled by a drunk driver; we are hoping to replace it with the same model/manufacturer so that all the attachments fit. We have received the attached quote, and the insurance claim for the damaged unit should also be coming to us at around \$35k. What else is needed from us to purchase this unit?

I just reached out to our contact at sourcewell to see what I can find out from them as well.

I was under the impression that the new finance director was working on getting that changed with Steve W., but have not yet heard. I'll see what I can find out.

Scott,

Are we sure we do not get the insurance money for the skid steer?

Brent Writesel,

I would reach out to Emily Ward and see if she heard if Lela needed additional information from Sourcewell, or does she have all the information she needs. I would also suggest reaching out to AgPro and BPS and request the PO numbers of something they have sold the City of Columbus through a Sourcewell contract. This is what Lela needs to move forward. Thanks again for getting the quote.

Respectfully,

Scott Lucas, MBA, CPM

Subject: Bid Waiver Quote

This is a quote from AGPRO for a replacement for MOP skidsteer. It is a sourcewell quote which I know is up in the air as to if we can use them. The salesmen told me it is not on the state term contract, and that the city does have a sourcewell account, also the same thing we were told at BPS today while looking at Zero turns.
