Change Request # SOW-CS-NA-101130-SUP-01

City of Columbus MV90 Implementation - Additional Funding

Part I—Change Request Information	
Project Name: City of Columbus – MV90	Change Request #: SOW-CS-NA-101130-SUP-01
Change Request Name: City of Columbus MV90 Project End Date Extension and Additional Funding	Client #: 2434

Date Requested: April 3, 2012	Requester: Anitra Tanner	✓ Custom ☐ Base

Project Phase / Reference Document #:	Basis for Change:
✓ Scope _____ ☐ Project Definition _____ ☐ Functional Design _____ ☐ Technical Design _____ ☐ Construction _____ ☐ Testing/QA _____ ☐ Other	✓ Scope ☐ Resource Allocation ☐ System Environment ☐ Subsystem Interface ☐ Procedure/Policy ☐ Resolution of Issues ☐ Project Assumptions ☐ Regulatory Requirements

Description/ Justification:

This Statement of Work ("SOW") is effective as of _____, 2012 ("Effective Date") by and between Ventyx Inc., as successor in interest to Indus International, Inc., ("Ventyx") located at 400 Perimeter Center Terrace, Suite 500, Atlanta, Georgia 30346 and the City of Columbus, Department of Technology, ("Client") located at 910 Dublin Road, Columbus, Ohio 43215.

This SOW incorporates by reference the Software License and Services Agreement between the Parties dated September 29, 1994, as modified ("Contract"). In the event of any conflict in the terms between this SOW and the Contract, the terms of this SOW shall prevail. All capitalized terms not otherwise defined herein shall have the same meaning as in the Contract.

The City of Columbus is requesting that Ventyx extend the expected completion date of the MV90 implementation. The date extension has been requested due to the June 16, 2012 expiration date associated to the existing City of Columbus purchase order and limited availability of City of Columbus testing resources. The expiration date for the existing purchase order will be extended to December 31, 2012. Additional funding will be required to complete the MV90 implementation and ensure that Ventyx support is available during the City of Columbus testing phase. The City of Columbus agrees to add 100 hours ($17, 600) to complete the City of Columbus MV90 Project (SOW-CS-NA-101130).

Part II—Approvals		
☐ **Approve**	☐ **Cancel**	☐ **Defer**
City of Columbus		Date
Ventyx Inc.		Date
