Applicable Regulatory Provisions: Prior to October 1, 2025, this award is subject to 45 CFR 75 except for eight flexibilities from 2 CFR 200 adopted by HHS on October 1, 2024. After October 1, 2025, this award will be subject to any applicable provisions of 2 CFR 200 and 2 CFR 300.

Pursuant to 2 CFR 200.340, the recipient agrees by accepting this award that continued funding for the award is contingent upon the availability of appropriated funds, recipient satisfactory performance, compliance with the terms and conditions of the award, and a decision by the agency that the award continues to effectuate program goals or agency priorities.

Assurance of Compliance: The applicant hereby agrees that it will comply with Title VI of the Civil Rights act of 1964, as amended (codified at 42 U.S.C. 2000d et seq.), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 80); Section 504 of the Rehabilitation Act of 1973, as amended (codified at 29 U.S.C. 794), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 84); Title IX of the Education Amendments of 1972, as amended (codified at 20 U.S.C. § 1681 et seq.), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 86); The Age Discrimination Act of 1975, as amended (codified at 42 U.S.C. § 6101 et seq.), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 91); and Section 1557 of the Patient Protection and Affordable Care Act, as amended (codified at 42 U.S.C. § 18116), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 92).

Technical Review: Within 5 days of this Notice of Award's (NOA) issue date, the Technical Review will be accessible to the recipient in GrantSolutions Grant Notes. Contact the assigned Program Officer indicated in the NOA with any questions regarding this document or any follow up requirements and timelines set forth therein.

Substantial Involvement by CDC: This is a cooperative agreement, and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities as detailed in the NOFO and included below.

CDC project staff will work in partnership with recipients to ensure successful implementation of the cooperative agreement, ensure appropriate outputs (datasets) are produced and transmitted to CDC in a complete and timely manner and to ensure that overall project outcomes are achieved. CDC supportive activities for SSuN are as follows:

- Facilitate development and implementation of standardized, multi-site protocol documents and data collection standards.
- CDC will work with recipients as necessary post-award to identify capacity building and TA needs essential for the success of the project.
- CDC will schedule and convene routine recipient conference calls and annual Principal Investigators meetings.
- Participating in and/or leading analysis and dissemination of SSuN data including conducting or coordinating analyses and disseminating findings to support STI/HIV and related prevention efforts.
- Assisting in the evaluation of overall effectiveness of program operations.
- Providing timely feedback to recipients on reported data for quality assurance purposes.
- Maintaining secure and confidential databases at CDC for the archiving of SSuN data submitted by recipients.

- CDC will also provide ongoing guidance and coordination to recipients to improve data quality and effectiveness of activities, develop specific evaluation strategies, improve data products, and build and maintain strategic partnerships internal and external to CDC.

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- ☒ Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of carried over unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.
