A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.

The Department of Public Utilities is responsible for stormwater management for the City and further responsible for eliminating sewer overflows. The department has an interest in increasing the amount of pervious (non-paved) property within the City. Such property reduces stormwater impacts.

The Columbus Land Bank has an inventory of property, some of which is in need of upgraded maintenance. The Department of Public Utilities and the Land Bank have selected nine (9) properties for this low maintenance vacant lot pilot project

A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

The contract period will be for three (3) years therefore modifications will be submitted in 2015 and 2016 per the contract

An estimate of the full estimated cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

2014-\$150,000

201-\$150,000

2016-\$150,00
