

**Dublin Road Water Plant (DRWP) High Bay Shelving & Installation,  
CIP 690278-100000, CT No. 2359, TSS #967**

**Information to be included in all Legislation authorizing entering into a Contract:**

1. **The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSQ.**

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>DAX</u>	<u>City/State</u>	<u>Status</u>
Vargo Companies	31-1450819 – 8/25/23	5412	Hilliard, OH	MAJ
Tarazi LLC	84-3647481 - 11/18/21	31380	Columbus, OH	MAJ

2. **What type of bidding process was used (ITB, RFP, RFSQ, Competitive Bid).**

Competitive Bids were opened August 5, 2021 (RFQ019425).

3. **List the ranking and order of all bidders.**

1. Vargo Companies
2. Tarazi LLC

4. **Complete address, contact name, phone number, and e-mail address for the successful bidder only.**

Vargo Companies  
3709 Parkway Ln., Hilliard, OH 43026  
Matt Pohlman, Manager, (614) 876-1163, [mpohlman@vargomail.com](mailto:mpohlman@vargomail.com)

5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

This contract will supply and install high bay shelving at the DRWP.

The DRWP serves multiple planning areas so this falls under planning area “99 - Citywide”.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

The contract is anticipated to begin in December 2021 and be completed first quarter 2022.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

Maintenance of the DRWP treatment process / treatment equipment requires a significant amount of spare parts to be on hand to minimize downtime and maintain reliability of the water supply. Capital improvement projects recently completed as well as projects underway have added additional treatment equipment, which has increased the amount of spare parts needed. Existing spare parts storage shelving is at capacity and additional spare parts shelving is needed to properly organize / store the spare parts. There are no significant

**ORD #2231-2021**

economic impacts or environmental advantages associated with the work. All work will be conducted within secure areas of the water plant that is not accessible to the public, so no public meetings are anticipated.

**8. An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

The contract amount is \$35,625.00, which is comprised of the bid amount of \$32,385.00 plus a 10% contingency amount of \$3,240.00. No contract modifications are anticipated at this time, however, construction exigency might later compel modification of this contract, if unforeseen difficulties are encountered.

Cost summary:

Original Contract	\$35,625.00
CONTRACT TOTAL	\$35,625.00
