I am running for the University Area Commission because I feel strongly connected to the neighborhood and believe that by participating in this civic institution I can make positive progress for the citizens of District 1. I am an advocate for improved pedestrian and biking facilities, city park maintenance, increased tree canopy, and reduction in trash and litter. In particular, I believe the Commission should focus on traffic calming and other improvements to the Hudson Street corridor and engage with the City to reduce the storm water-borne litter in Glen Echo park.
