8. Star Consultants

- 4. Complete address, contact name, phone number, e-mail address, and original contract numbers for the successful bidder only.**

CH2M HILL Engineers, Inc. / Jacobs, and Brown and Caldwell were ranked first and second, respectively.

CH2M HILL Engineers, Inc. / Jacobs
Two Easton Oval, Suite 500; Columbus, Ohio 43219
Mr. Mark Pochodylo, Mark.pochodylo@jacobs.com
Original CT No.: PO154665

Brown and Caldwell
455 Hutchinson Ave., Suite 450; Columbus, Ohio 43235
Mr. Bruce E. Bassett Jr., (614) 923-0866, bbassett@brwncald.com
Original CT No.: PO152500

5. **A description of work performed to date as part of the contract and a full description of work to be performed during any future phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

These agreements will establish task order-based professional services to augment existing engineering personnel within the Division of Water on an as-authorized, as-needed basis in order to accomplish a wide range of work that may include but is not limited to planning/design/construction phase engineering services, surveying, property acquisition assistance, hazardous waste identification/remediation, materials testing, and other services required by the Division.

This ordinance will authorize a renewal in the amount of \$400,000.00 for each agreement for the estimated engineering needs of the Water Supply Group starting the fourth quarter of 2020 for approximately one year or until all funds are expended. One additional future renewal to these engineering agreements is anticipated.

Planning area = “99-Citywide”

6. **An updated contract timeline to contract completion.**

a. **The original agreement allowed for a total term of how many years?**

General Engineering Services for the Water Supply Group will be provided under task order-based professional services agreements. The original agreements were executed in the first quarter of 2019 to provide funds for approximately one year period or until all funds are expended.

b. **Which year of the total term is this renewal for?**

This renewal is anticipated to be executed in the fourth quarter of 2020 to provide funds for approximately one year or until all funds are expended.

c. **The expiration date of this agreement is:**

The expiration date of this agreement is approximately one year from the date of execution or until all funds are expended.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

This contract will provide general engineering services for various tasks which may involve the water treatment process, the equipment, the facilities and/or the resources managed by the Water Supply Group. The tasks performed will assist the Water Supply Group to provide an adequate and safe supply of drinking water which is essential to economic growth and development.

At this time no community outreach or input is anticipated.

One requirement for the consultant awarded the General Engineering Services contract for the Water Supply Group is that the consultant must be able to provide environmental engineering services, if needed. Also, the consultant selected has indicated a corporate philosophy of environmental conservation and sustainable business practices. In addition, the selected team has committed to incorporate sustainability considerations into their projects.

8. **A description of any and all renewals to date including the amounts of each modification and the Contract Number associated with any modification to date. (List each modification separately.)**

No renewals or modifications to the original agreements have been completed to date.

9. **A full description of the work to be performed as part of the proposed contract renewal. (Indicating the work to be a logical extension of the contract is not sufficient explanation.)**

These renewals will establish task order-based professional services to augment existing engineering personnel within the Division of Water on an as-authorized, as-needed basis in order to accomplish a wide range of work that may include but is not limited to planning/design/construction phase engineering services, surveying, property acquisition assistance, hazardous waste identification/remediation, materials testing, and other services required by the Division.

10. **An explanation of why the work to be performed as part of the contract renewal cannot be bid out. (Indicating the work to be a logical extension of the contract is not sufficient explanation.)**

The original professional services agreement was bid out and planned for a total of 2 annual contract renewals. This is the first renewal.

11. **A cost summary to include the original contract amount, the cost of each renewal to date (list each renewal separately), the cost of the modification being requested in the legislation, the estimated cost of any future known modifications and a total estimate of the contract cost.**

Cost Summary:

Original Agreements (combined)	\$ 800,000.00
Pending Renewal #1 (CH2M HILL Engineers, Inc. / Jacobs):	\$ 400,000.00
Pending Renewal #1 (Brown and Caldwell)	\$ 400,000.00
Future Renewal #2 (CH2M HILL Engineers, Inc. / Jacobs):	\$ 400,000.00
Future Renewal #2 (Brown and Caldwell):	\$ 400,000.00
<u>ANTICIPATED CONTRACT TOTAL (combined)</u>	<u>\$2,400,000.00</u>

12. **An explanation of how the cost of the renewal was determined.**

This cost was the budgeted amount in the 2017-2022 Capital Improvement Plan.
