
CITY OF COLUMBUS - SOLE SOURCE INFORMATION FORM

TO ACCOMPANY LEGISLATION WHICH WAIVES
ANY PROVISIONS OF COLUMBUS CITY CODE CHAPTER 329.
(LIMIT YOUR RESPONSE TO THIS SHEET)

1. Verification of sole source: (Why no other individual or business entity is capable of supplying the needed item/service.)

- Sole source manufacturer/distributor.
- Sole distributor authorized for this territory.
- Patented product purchased for owner/developer.
- Sole company offering this unique service.
- Other:

2. Describe any effort to bid for alternate item (service or product) that is not provided by a sole source that would meet this need:

This is a renewal agreement for software purchased in 2002 (FL001003) enabling the Police Division to encrypt data transactions with the LEADS system. Sole source was authorized last year in Ord 0190-2012, to renew support, and Ord 1299-2012 (\$80,000), to upgrade existing Core software products. It would not be in the best interest of the City nor would it be cost effective to move away from the technology solutions provided by Core Technology at this time.

3. Describe efforts to determine/verify that the company is the sole source:

A letter was obtained from the vendor verifying that they are the sole source of software maintenance and support for the MultiBridge, Talon and CTCBridge products.

4. Indicate how the price or fee structure was determined:

The vendor provided a price quote for support from 4/1/2013 to 3/31/2014, which is the same cost as the current maintenance effective through 3/31/2013. As costs have not increased, the quote has been accepted by DoT.
