5. A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.

DLZ will perform construction administration/inspection services for Department of Public Utilities Capital Improvement Projects that bid during the years 2020, 2021, and 2022. The contract will be modified as needed throughout the 3 year period to include these projects as they go to construction.

Projects under Modification No. 16 include:

- Division of Water, Varsity Avenue Area Water Line Improvements, CIP No. 690236-100106, Planning Area = 38 – Olentangy West, \$534,150.95

6. A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

*For CA/CI agreements:

- a. The original agreement allowed for work is to be completed within the timeframe established by the individual construction contracts.
- b. The expiration date of this agreement is also to be completed within the timeframe established by the individual construction contracts.

7. A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.

Division of Water projects include replacement or rehabilitation of water lines that have a high break frequency and valves that are inoperable. Replacement of these water lines will improve water service, decrease burden on water maintenance operations, and reduce water loss. The Neighborhood Liaison(s) will be contacted and informed of this project during the design phase. Further community outreach may result through the Neighborhood Liaison Program.

8. An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

ORD #1050-2021
