Site Information

- The 22.3 acre site is a fringe annexation.
- The current use is residential-agricultural. The anticipated use is multifamily development.
- The site is located within the boundaries of the South East Land Use Plan (C2P2) (2018), which recommends Employment Center. The planning area has complete adoption of Columbus Citywide Planning Policies.
- The site is within the boundaries of the Greater South East Area Commission.
- The site does not require a boundary conformance.

Key Issues

- Annexation is sought for development purposes.
- Planning staff have conducted a preliminary review and are supportive of annexation. While inconsistent with the plan recommendation, staff note the location is directly adjacent to areas recommended for residential uses, as well as the largely undeveloped nature of the surrounding area as potential mitigating factors for prospective support of development.
- Annexation does not guarantee a zoning application will be approved. Zoning requests require a separate application process through the Department of Building and Zoning Services.

Legislative Information

- The applicant must provide a statement of municipal services to the county for their consideration within 20 days.
- The annexation is tentatively scheduled for consideration at a Franklin County Commissioner hearing.
- The Ohio Revised Code stipulates that once an annexation has been approved by the county, it must be accepted by the receiving municipality in order for the annexation process to be completed. The acceptance process involves a second city ordinance that may be acted upon a minimum of 60 days from the date the City Clerk receives record of the commissioner's action and a maximum of 120 days of City Council's first consideration of the second city ordinance.
