In ref to BID3345238/RFQ030229

To whom it may concern:

Our bid response meet all specifications as outlined.

908 Devices Inc. is the manufacturer and sole service provider, of MX908 Handheld High Pressure Mass Spectrometer (HPMS™), the only available handheld HPMS system, and MX908 Aero. Additionally, 908 Devices Inc. is the only authorized point of service, support, and maintenance for these systems, including certified training, warranty, repair, upgrades and technical support. 908 Devices has been manufacturing, and supporting the MX908 device globally since 2018.

MX908 is the only available handheld HPMS (high pressure mass spec) on the market for use in public safety. MX908 utilizes patented technology. List of patents available as needed. Made in USA.

Note re bid line items. One chemical training kit is included with the purchase of MX908 so you only need to order qty 1 additional.

Please note that additional years of MX908 support/warranty are available for purchase at $7524.00/year. Pricing valid through 12/31/2025.

908 Devices is registered to do business in Ohio. EEO forms have been submitted as requested.

Order can be delivered 30-45 days ARO.

Please feel free to contact me on any issue regarding this matter at (857) 529-6481 or dmassingham@908devices.com.

Sincerely,

DL Massingham
